REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the references, either alone or in proper combination, disclose or fairly suggest a band encircling the exterior surface of the support element a structure different from the at least one band that facilitates movable positioning of the at least one band with respect to the exterior surface in combination with the other limitations of claim 1 or a flange attached to the at least one band and extending outward from the at least one band in combination with the other limitations of claim 17. Avar and Kilgore et al. are the closest related prior art and each of these references teaches an O-ring, through the cross-sections shown in the Figures or in the text of the reference, which does not have the ability to be grabbed for adjustment as claimed in the instant application by a flange or attachment and there is no teaching to place such a flange on an O-ring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Stashick whose telephone number is 703-308-3876. The examiner can normally be reached on Monday through Thursday from 6:30 am until 4:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mickey Yu can be reached on 703-308-2672. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
